◆◆◆ Duquesne Installation

The Sigma Phi Epsilon chapter at Duquesne became the first Pi chapter with its initiation, April 22, 1972.

The step was taken 12 years after the chapter's beginning as Sigma Chi Theta local at Duquesne.

Thirty-three brothers plus honored guests and alumni officers attended the installation dinner dance that night at Pittsburgh's William Penn Hotel.

The night capped a proud tradition the chapter holds at Duquesne.

Sigma Chi Theta was founded on March 22, 1960 by eight men. These eight men decided to start a new fraternity at Duquesne because all other fraternities on campus at that time showed affiliation to some ethnic or nationality group.

Thus these eight students felt that it was time for Duquesne University to have some fraternities which showed no specific racial, ethnic or religious qualifications.

The eight original brothers decided on the name of Sigma Chi Theta as a result of a later desire to affiliate with the national Sigma Chi fraternity.

From the beginning of its existence, Sigma Chi Theta has built traditions and rituals that have become very significant in the fraternity's life.

A sweetheart was elected in 1960 and this tradition has been carried since with a Sweetheart Ball in the spring of each year.

Another proud tradition of the Sig Chi is the annual Derby Day event which began in 1963. Here all Duquesne sororities compete against each other in floats, games and derby chases under the coaching of Sigma Chi Theta brothers. Derby Days seems to be the Greek high light of the spring semester at Duquesne.

The fall semester begins with the annual carnival shows on Duquesne's campus. The carnival shows consist of a concert and a fraternity combining their efforts to put on a show that ranges from comedy and satire to serious content portrayals.

Sigma Chi Theta has participated in this event since its inception in 1960. They have won five first place trophies and have never finished below third. They have also won the best actor award three years in a row.

The remainder of the fall semester is spent on inter-fraternity sports and sports inter-fraternity functions.

Brother U. G. Dubach, Order of the Golden Heart and National Director of Sigma Phi Epsilon 1959-1967, died Monday, September 4, 1972. He had been under intensive care for some time. He would have been 92 Nov. 9.

In his 54 years as a member of Sigma Phi Epsilon, Brother Dubach was an active and dedicated Sig Ep. Serving as counselor to the local fraternity at Oregon State University, that became Oregon Alpha Chapter, he was the number one initiate. He continued to serve his chapter as counselor for many, many years. He loved Sigma Phi Epsilon and his service to the Fraternity ranged far beyond his dedication to his beloved chapter. He served the Grand Chapter as National Scholarship Chairman for a period following his initiation and again from 1947 until 1967. He more than any Sig Ep was responsible for the Fraternity's progress in scholarship.

He and Mrs. Dubach traveled thousands of miles visiting chapters and "talking with the boys." Because of his travels and of his film "Fraternity Leadership," he was known by thousands of Sig Eps as "Mr. Scholarship."

He was elected to the National Board of Directors in 1959 and served in that capacity until 1967. In 1961 he was awarded the Fraternity's highest honor, the Order of the Golden Heart, only the 18th person at that time to have been so recognized. He was awarded the Sigma Phi Epsilon Citation in 1967 for distinguished career achievement as educator and Dean. At the same time, the Oregon State chapter recognized his distinguished career by presenting an oil portrait of Brother Dubach to the Grand Chapter.

Memorial gifts may be made to the Rose Villa Foundation on Portland Personal notes to Mr. Dubach (died) may be mailed to her at 13505 N.E. River Road, Portland, Oregon 97222.

Fencing Championship

Last spring the University of Detroit Fencing Team brought the first NCAA Championship to both the University and the City of Detroit. Leading the team to victory was Trevor Simmons who earned a position on the U.S. Team for the XX Olympiad in Munich, Germany. Simmons was victorious in three of eight team bouts against the tough European and Russian squads which dominated the competition.

Ulysses G. Dubach

Sig Ep Backs Attitude Study

A study of the values and attitudes of fraternity and non-fraternity members in college communities is being sponsored by Sigma Phi Epsilon, national social fraternity, and being conducted by The Wright Institute of Berkeley, California.

At a time when all institutions are being challenged as to their relevance to the modern world, Sigma Phi Epsilon is taking the lead in determining what changes ought to be made to make the fraternity system more responsive to the values, attitudes and needs of today's college men. The study is directed not only toward defining feelings and opinions but toward an active program of change.

Dr. Nevitt Sanford, scientific director of The Wright Institute of Berkeley, and Donald Johnson, executive director of Sigma Phi Epsilon, are cooperating on the project.

Also participating in the study will be Stewart Milton, assistant dean of students at Indiana U., a Sig Ep from Miami University (Ohio) and immediate past chairman of the Fraternity's Leadership, Education and Development Committee.

Dr. Sanford is a member of the University of Richmond Sig Ep chapter and his father and several brothers were members of the fraternities as well.

During the first phase of the contract on the attitudinal survey fraternity members will be surveyed to determine their

Camp Fund Hits Total of \$3,600

Sigma Phi Epsilon, the second largest national college fraternity, has contributed \$3,600 to nine organizations offering summer camp programs throughout the United States. The Fraternity's 200 college and university chapters and colonies support several hundred underprivileged children across the nation who otherwise might be unable to benefit from summer camp.

Since the inception of the fraternity's philanthropy in 1950, Sigma Phi Epsilon has donated more than \$97,000 to summer camps. Contributions this year included \$150 to the University of Pennsylvania Camp for Boys, \$150 to the University of Michigan Fresh Air Camp, \$500 to the Atlanta, Georgia YMCA, Campership Fund, \$500 to the Des Moines, Iowa, Y Camp, \$350 to the Charlotte, North Carolina, Camp Thunderbird, \$350 to the Portland, Oregon, Salvation Army Camp Treble Glen, \$250 to the Los Angeles, California Y CCA, University Camps, \$350 to the Boston, Massachusetts, United South End Settlements, and \$600 to the Cave Creek, Arizona, American Indian Foundation.

(Continued on Page 11)

News From the Chapters

Alabama

Alabama Sig Eps captured the campus handball championship for the second consecutive year. This makes over two years of undefeated play for Jerry King '72 and Winston Frederick '73. Hammond Cobb '72 and Gary Bucker '74 took second place in intramural golf. We expect much improvement for all sports in hopes for the All Sports Trophy in 1973.

Randy Hall '75 had a fine spring as a defensive tackle on Alabama's freshman team this year and is expected to be an important part in the Crimson Tide's bid for the national title this season. Randy, incidentally, is an outstanding scholar as well as athlete. He made the Deans' list in his pre-med curriculum.

This year's elected officers are as follows: President, Clyde Mackey, vice-president, Steve Dietz, Treasurer, Tal Laveok, Recorder, Charles Lee, Corresponding Secretary, Gary Backer, Delegate at Large, George Saterfield.

Alabama Sig Eps had another fine year of parties last year including several theme parties, the "Go to Hell" and "Caveman" rush parties and the Christmas and Spring Formals. At the "Queen of Hearts Ball" (the Spring Formal), we selected nine girls to be our little sisters and our 1972 Queen of Hearts, Lynn Blue, is a freshman from Huntsville.

Dave Mace, of Huntsville, won the outstanding graduating senior award in 1972, meriting four years of dedication to his brothers and his fraternity. We are very proud of Dave for returning the office of alumni relations from an almost non-existent office to its deserved place of prominence and utmost importance.

—Gary W. Backer

Henderson State

The brothers of Arkansas Beta are looking forward to another year that will be as successful as the last one. Last year we won the Sportsmanship Award, the Highest Scholarship Award and the Best Fraternity on Campus Award.

April 10 marked the day of the first Annual Beta-Gamma Day held with Brothers from Arkansas State. During the week end a softball and a football game were held with Beta winning both games.

In sports last year we won the Greek and Overall Softball Championship, finished second in basketball, and third in football.

Nineteen pledges became brothers of Arkansas Beta last year, and have been very industrious Junior Initiates.

In the Student Senate at Henderson the Sig Eps have six brothers serving as senators, two brothers serving as vice-presidents, and brother Jim Harlow as president. In Henderson's service organization, Heart and Key, we have seven brothers as members with Ray Goston serving as president of the organization.

This fall we will be working hard to maintain our Scholarship Award, and to work as hard as possible on all activities.

Richard Perkins

University of Arizona

Red Manhire made a promise to active chapters last June, that he would work hard in order to have the largest and best pledge class on campus. Red got on 36 new men and we down here at the University of Arizona believe that they are all outstanding individuals, and will make excellent Brothers.

The Sig Eps cannon has been cleaned out and is being used at the football games once again.

—Jeffrey R. Smith

Arizona State

Arizona State Sig Eps, after a successful fall rush, are preparing to defend the first semester ASU intramurals championship, which they combined with the ATOs to win in '71. At the highlight of the repeat effort will be the defense of the championships that the Sig Eps won in both the "A" and "B" leagues of volleyball, and strong entries are expected in volleyball, howling swimming and football also.

The chapter has three new members on its executive council this semester: Mel Ing, vice president, Terry Wood, corresponding secretary, and Sahler Hornbeck, pledge educator.

The actives anticipate little difficulty in once again trouncing the alumni in the annual Homecoming football contest.

Austin Peay State U. Colony

The APSU Sigma Epsilon colony has recently completed renovations on their basement in time for fall rush. This year's officers are President, Bob Organ, Vice-Pres, Steve Macey, Comp troller, Tom Chester, Corresponding Secretary, Hugh Moore, and Recorder, Steve Hagewood.

We are now working very hard with our district representative, making plans for our national installation in November. APSU Sigma Epsilon will be proud

to become the newest chapter of Sigma Phi Epsilon this November.

—Hugh L. Moore

Univ. So. Cal.

Cal Beta won first place in IFC Basketball winning every game, and finished second with the Alpha Delta Pi's in the annual singing contest, Songfest '72. Future plans for the house include new carpeting, paneling, and new plumbing. Money will be raised by raffles. Rush activities include paddle tennis at a local resort club, golf games, football games, and the famous Las Vegas night featuring little sisters. Mother's Club membership will include parents of seven newly initiated brothers and 12 new pledges.

San Diego State

For California Delta fall rush started last spring. Fred Bedell was elected Rush Chairman and has done an excellent job. We are using some of the ideas brought out in last year's regional academy for our pledging program. This fall in September our house received a \$2500 housing grant from national. With it we purchased some new furniture for the active chapter room, refitted the ceiling in the recreation room and installed carpeting in the upstairs hallway.

Colo. School Mines

With a Fall pledge class of 17 Colorado Delta once again looks toward a

successful year on campus. These new men will be the first to try a new "Pledge Program" based on a better, Pledge—Active, relationship.

To kick-off the program, an all-house retreat is planned in hopes of getting the new associate members to feel more a part of the chapter and have pride in being part of Sigma Phi Epsilon. We feel this program should be very successful in bringing the house together and help it to win its fourth straight Homecoming Trophy. It should also help in making this year's Charity Project that much more of a success.

—Bruce Jones

East Carolina

Sigma Phi Epsilon, Kappa Chapter at East Carolina University, has completed renovations of the house. Most brothers came to school a few days early to paint the outside of the house and tile the inside. This we hope to be an added attraction for Fall Rush. With keg parties and smokers, we expect a tremendous rush. Coming back with 25 brothers we expect an excellent intramural program starting off with football which we came in second place last year. All is well here —Keep 'em rolling!

—Elliott Mann

Stetson

After a fantastic year last year, Stetson Sig Eps have returned to make it even better this year. Losing only a few seniors last year the Sig Eps are back in full force.

Fall rush got off to a great start with continual beach and band parties. The brothers are again after the coveted President's Cup, which they won last year for having the best all-around sports teams during the entire year. The big red football team is looking tough and ready for a big season. Stetson Sig Eps have three brothers starting on the Stetson varsity soccer team, Manny Menendez, Jim Nestle, and Bill Henchiff.

Florida Southern

In the past year Florida Delta has increased its membership rolls from four to 16. Following this fall's rush. Faced with the possibility of extinction a year ago, this chapter initiated some rather welcome changes in the fraternity system here at Florida Southern and in the typical brother pledge relationships that many fraternities incorporate.

It all began when the brothers of this chapter began inviting many of the independents on campus over for rap sessions and a few get-togethers. The idea for these meetings was to change a fraternity from the way it had been to ways that many of us felt a fraternity should be run. This included such items as pledgepush dues, meetings and Greek spirit on this campus which was quite low at that time.

Out of these meetings came four new brothers that spring, followed by seven more during fall rush after the summer break. We rewrote the rules governing this fraternity, changed our pledgepush to one which placed brother and pledge on an equal basis and included very little servitude. This setup stressed to the pledges that we were more concerned with their learning the ways of the fraternity and meeting each brother rather than seeing how much hell could be dished out to the pledges.

Pat Bland, Texas Inta Little Sister and Runner-up for Tech's "Miss Playmate" of 1972

Sig Eps In The Armed Forces...

Lt. Mark Gunderson

2nd. Lt. Mark H. Gunderson, Univ. of Oregon, has been awarded his silver wings at Craig AFB, Ala., upon graduation from U.S. Air Force pilot training.

Air Force Col. Telford S. Eggleston, Univ. Nebraska, Omaha, has arrived at Tan Son Nhut AB, Vietnam, to assume command of the 1964th Communications Group.

Colonel Eggleston is a member of the Air Force Communications Service which provides global communications and air traffic control for the USAF.

Capt. George C. Ferkes has received the Silver Star, the Distinguished Flying Cross (DFC) and nine awards of the Air Medal for his achievements as a U.S. Air Force forward air controller in Southeast Asia.

Captain Ferkes, Miami of Ohio, earned the Silver Star—the nation's third highest combat decoration—when he directed air strikes which saved the lives of allied troops under siege at Fire Base Fuller, Vietnam, June 23, 1971.

Flying an F-2 Super Skymaster, the captain guided tactical aircraft against the advancing hostile force. The air attacks inflicted heavy enemy casualties and allowed the allied troops to take new defensive positions.

He earned the DFC June 1, 1971, for extraordinary aerial achievement when he directed ground artillery, helicopter gunships and tactical air strikes in support of an allied unit pinned down by enemy fire in Quang Tri Province, Vietnam.

The captain received the Air Medals for outstanding airmanship and courage during numerous combat missions he flew

while serving with the 20th Tactical Air Support Squadron at Da Nang Air Base, an assignment he completed last August.

Capt. Dave Barclay, Arizona Beta, 1963, is psychological training and life support officer at Laredo AFB, Texas. Barclay served as alumni secretary in getting the Texas Beta chapter at Lubbock organized in 1970. He notes that there are at least three other Sig Eps stationed at Laredo with him.

U.S. Air Force Captain William M. Berg, Arizona State, has been graduated from the Air University's Squadron Officer School at Maxwell AFB, Ala.

Sergeant Robert J. Bona, Ohio Northern, has arrived for duty at McCoy AFB, Fla.

Sergeant Bona, an administrative specialist, is assigned to a unit of the Strategic Air Command, America's nuclear deterrent force of long range bombers and intercontinental ballistic missiles. He previously served at Griffiss AFB, N.Y.

Capt. Eugene W. Bricker, Univ. of Denver, has been graduated from the Air University (AU) academic instructor course at Maxwell AFB, Ala.

Captain Bricker was specially selected for the intensive six-week professional training that is conducted as part of the AU Academic Instructor and Allied Officer School, the teachers college of the U.S. Air Force.

The captain is assistant professor of aerospace studies with the Air Force Reserve Officers Training Corps (AFROTC) detachment at the University of Southern California.

Air Force 1st Lt. Robert M. Cook is a member of the Mississippi-based 37th Flying Training Squadron which recently received the Air Training Command (ATC) Unit Safety Award for flying safely during 1971.

Lieutenant Cook, Western Michigan, is assigned at Columbus Air Force Base as an instructor pilot teaching undergraduate trainees how to fly the T-37 jet trainer aircraft.

Air Force Major Charles V. Corder Jr., University of Maryland, has been graduated from the Air University (AU) academic instructor course at Maxwell AFB, Ala.

The major is an associate professor of aerospace studies with an Air Force Reserve Officers Training Corps (AFROTC) detachment at the University of Iowa in Iowa City.

He holds the aeronautical rating of senior pilot and has completed a 12-month tour of combat duty in Vietnam.

U.S. Air Force Technical Sergeant Michael A. Crepps, U. of Oklahoma, has arrived for duty at Athens Airport, Greece.

2nd Lt. Thomas H. Criqui, Ohio State, has been awarded his silver wings at Columbus AFB, Miss., upon graduation from U.S. Air Force pilot training.

Lieutenant Criqui is being assigned to the 314th Tactical Airlift Squadron at Little Rock, Ark.

Air Force Captain Rolland D. Crosby, Texas Christian U., has received the Distinguished Flying Cross for aerial achievement in Vietnam.

Captain Crosby earned the award as a C-7A pilot when he completed a resupply mission to Quang Long despite the threat of enemy fire.

Airman Lawrence H. DeLong, East Texas State, has graduated at Lowry AFB, Colo., from the U.S. Air Force weapons mechanic course conducted by the Air Training Command.

Air Force Capt. Alexander M. A. Haase has received his third and fourth awards of the Air Medal for aerial achievement while assigned at Tan Son Nhut AB, Vietnam.

Captain Haase, State Univ. New York, Buffalo, was decorated for his performance as a pilot on successful and important missions completed under hazardous conditions.

He was presented the medals at McCoy AFB, N. J., where he now serves with a unit of the Military Airlift Command which provides global airlift for U.S. Military forces.

Air Force Capt. James A. Hall, Cornell, has arrived for duty at Altus AFB, Okla.

Captain Hall, an aircraft maintenance officer, is assigned to a unit of the Military Airlift Command. He previously served at Andersen AFB, Guam.

2nd Lt. Timothy R. Hoffman, Univ. of Iowa, is a member of a wing which has received its third U.S. Air Force Outstanding Unit Award.

Lt. Col. Wm. C. Duffack

Lt. Col. William C. Duffack, Univ. Nebraska, Omaha, has been graduated from the U.S. Air Force's senior professional military school, the Air War College, at Maxwell AFB, Ala.

The 10-month university level course prepares senior officers and specially selected civilians for higher command and staff positions by developing an understanding of military strategies in support of national security policy.

Colonel Duffack is now assigned at Ent AFB, Colo., with a unit of the Aerospace Defense Command which protects the U.S. against hostile aircraft and missiles.

Air Force Capt. John D. Landin Jr., Mississippi State, is a member of the Mississippi-based 37th Flying Training Squadron which recently received the Air Training Command (ATC) Unit Safety Award for flying safely during 1971. Captain Landin is assigned at Columbus Air Force Base as an instructor pilot teaching undergraduate trainees how to fly the T-37 jet trainer aircraft.

Capt. Douglas W. Teel, Fort Hays Kansas State College, has been certified

as a C-141 aircraft commander at McGuire AFB, N. J.

Capt. Charles G. White, Jr., Clemson, has received the Distinguished Flying Cross for aerial achievement in Southeast Asia.

Captain White earned the award as a forward air controller in support of allied troops engaged in close contact. Despite intense ground fire, the lieutenant directed strike aircraft in attacks which resulted in numerous enemy casualties and broke the engagement.

Air Force Capt. Thomas H. White Jr., Florida State, has arrived for duty at Ching Chuan Kang AB, Taiwan.

Captain White, a navigator, is assigned to a unit of the Pacific Air Forces. He previously served at Elmendorf AFB, Alaska.

Air Force Capt. Michael W. Whitehead, University of Detroit, has arrived for duty at Fortuna Air Force Station, N. D.

James N. Wright, Indiana State, has been promoted to airman first class in the U.S. Air Force.

Airman Wright is a security policeman at Columbus AFB, Miss. He serves with a unit of the Air Training Command which provides flying, technical and basic military training for USAF personnel.

Air Force Capt. Timothy P. Rogers, University of New Mexico, shares the Air Force Outstanding Unit Award recently presented to the Strategic Air Command's 351st Strategic Missile Wing at Whiteman AFB, Mo.

Captain Rogers is a pharmacy officer on the staff of the USAF Hospital which supports the 351st. The wing and its assigned units received the award for exceptionally meritorious service from July 1969 through June 1971.

Air Force Capt. Larry A. Rowland, Montana State, has been graduated from the Air University's Squadron Officer School at Maxwell AFB, Ala.

Captain Rowland was specially selected for the 14-week professional officer course which prepares junior officers to assume higher command and staff duties required by the Air Force.

2nd Lt. Bruce E. Stewart, DePauw College, has been awarded silver wings upon graduation from U.S. Air Force navigator training at Mather AFB, Calif.

Lieutenant Stewart is being assigned to Norton AFB, Calif., for flying duty with a unit of the Military Airlift Command which provides global airlift for U.S. military forces.

Lt. Bruce E. Stewart

Lt. James R. Reichenbach

Morehead State

Kentucky Zeta began fall semester with 37 members. During the first three weeks of open rush, we picked up four associate members.

Our chapter helped local farmers with their tobacco crops as a fund raising project and for the past two years the chapter has headed the production committee of the Miss MSU Pageant which is sponsored by the IFC and Pan-hellenic councils. The Morehead pageant has won the Outstanding Production Award, presented by the State Pageant Committee, both years. Sigma Phi Epsilon has headed the production committee.

Steve Blair, the vice president of Kentucky Zeta who was recently named assistant dorm director of a freshman dorm, will serve as associate director of the local pageant. Three Kentucky Zeta brothers have been elected as members of the MSU Student Government.

Louisiana State U.

Louisiana Beta has accomplished several of its long sought dreams. Central air-conditioning for the downstairs was finally installed this summer. The patio area has taken on a new look due to the relandscaping. Plans are also in the making for constructing a dome type structure to be built for storage.

La Beta has also established a little sister chapter of which nine girls were recently initiated.

Sudden has also entered the hearts of the brothers at La Beta. Phil Fry, of Alexandria, La., a pledge, drowned at a Rush party, Sat., Sept. 9.

Manpower stands at 12 actives and four pledges.

Maine

This fall Sig Eps will be once the first fraternity house on the University of Maine at Orono campus to have girls live in. The girls are all members of the Delta Zeta sorority. This is a new step for the state's fraternity system. The 45 men and 11 women will share the duties and the governing of the house.

Sig Eps have once again won the Lambda Chi Alpha scholarship trophy for the spring semester with an average of 2.9 on a 4.0 scale.

In athletics, the house showed its prowess in many sports, especially excelling in basketball, volleyball, softball and bowling. The annual Sportsmanship Award was awarded to us by a vote of all the referees in all the sports.

Johns Hopkins

In our first semester rush program last year, Maryland Alpha chapter sponsored a free, open air rock concert on campus as well as took several prospective freshmen to see the Baltimore Bullets, plus the Milwaukee Bucks. The groundwork laid first semester proved very valuable for the recruitment of pledges during the formal rush period second semester. We took 20 pledges, 14 of whom were initiated.

The high points of last year can be found in improvements to the house, sports, and a revival of alumni relationships. With a surplus of funds from the previous year, the chapter has revamped the first floor of the house, refurnished the furniture in the recreation room, replaced the furniture in the living room, made several needed improvements in the kitchen, and purchased a ping-pong table.

In sports, the chapter finished fourth among the fraternities on campus, but the brothers fared better in individual sports. Charles Hubers, lettered in basketball by winning a strong post as a center, Anthony Piccolo started and lettered as a sophomore in baseball. Greg Gould

man lettered in wrestling. Bill Blough played for the golf team, Lee Sanderson for the baseball team, and Nathan Centers and John Burdakin fenced for the freshman and varsity squads respectively. The greatest accomplishment in sports was by Glenn Pantel, who as a freshman won first place for foil at the Middle Atlantic Conference Fencing Championships.

Alumni relationships were renewed through a very successful alumni-active banquet and the chapter newsletter, *The Alpha Paricle*, was revived under the guiding hand of Victor Vogel in an attempt to supply the alumni with more news of our chapter.

This year starts with promise under the leadership of the newly elected officers: President David Yaffe, Vice-president Arthur Richek, Controller John Burdakin, Secretary John Bender, Recorder Charles LaBerge, and Chaplain Ronald Gravitt. At the beginning of his term last May, David Yaffe wore in the new ritualistic officers: John Higgins, Senior Marshal, Mark Tow, Junior Marshal, and Robert Solomon, Guard. The prospects for the coming year are good. Our financial situation is sound, the condition of the chapter house is excellent, our alumni relations are improving, our sports teams appear to be stronger than

Fox continues to serve as senior Gobbler for the Turkey Club.

Jim Brasfield is our new president. Billie Thron is our new housemother.

Detroit

The second annual University Week Festival Sept. 22-30 at the University of Detroit has practically become a Sig Eps Project. Brother Mike Norris was the co-ordinating chairman of University Week '72. The idea was originated and sponsored by the Council of Fraternal Organizations of which Brother Ken Lil is the president. Mike recruited numerous Sig Eps and alumni to assist him in the project. These included Tom Koch, carnival games chairman, and Denny Anpen, public relations chairman. As far as rush was concerned, University Week '72 was great for showing the rushees that Sig Eps do get involved at the University of Detroit.

Brother Jim Loizzo was working on establishing a chapter of the Guilds of the Golden Heart.

Detroit

A carnival, rides, and a festival of arts were the newest attractions to this year's University Week which brought the campus and the community together between September 22-30. Using the theme, "A new beginning", the festival's

out the week was a baseball game between the Faculty and the Detroit Police 12th Precinct.

Coordinating Chairman Bucky Norris began planning the event last February and his committee worked through the summer, explained Norris, "to make University Week '72 bigger and better than any previous event at U of D."

Ferris State

Sig Eps at Ferris State are on their way to another All-Sports trophy by placing first in both Pro and Novice softball last Spring Term.

The 44th Annual Homecoming was successfully put on by the Sig Eps at Ferris and many of the alumni returned to their Alma Mater. Sig Eps again showed great leadership in handling such a tough task.

Elections were also held this Fall quarter and our new executive board was put into action. Hopefully they will successfully continue the Sig Eps tradition at Ferris State.

—Richard Wiles

Mississippi

Mississippi Alpha Sig Eps have recently moved into a new house on Fraternity Row at Ole Miss. They formerly occupied a small house off campus.

Special thanks is due to Brothers Bobby A. Towery and Earl L. Denham for their aid in obtaining the new house. Brother Towery is the director of student activities for the University of Mississippi, and Brother Denham is an attorney on the Mississippi Gulf Coast. Mississippi Alpha also wishes to thank all their alumni and particularly Bob Hobbs and Joe Gay.

Clemson Sig Eps on Ecological Cleanup

ever, and our outlook for rush is extremely optimistic.

John W. Bunker

Memphis State

Memphis Beta begins the 1972-73 school year with renewed hope and a great potential in its 44 brother and 15 pledges.

Brothers have been moving back into the newly restored house that was badly damaged by fire last April. Many brothers donated hours in efforts of their own, as well as others, to help rebuild the house.

In the field of athletics, the chapter found an excellent chance to win at the University of Memphis on only 1.00 entry fee to the Tri-City with the 100 yard relay race on post.

Many brothers have also participated in a race on the MSU campus. Tom Foster, a president of the H.C. Pan-Pre, a representative vice president of the N.C.A.A. in track and field, was the victory cheerleader, and met John

organizers hoped that increased harmony and improved neighborhood relations would be the results of their efforts. The logo depicted the campus tower being over shadowed by a glowing rain bow, a symbol of hope and rebekindling of many spirit.

Kicking off the festivities was a four day carnival complete with rides, games and foreign foods. A flea market with antiques and crafts was also featured. The first annual Festival of the Arts presented an art exhibit, as well as musical and theatrical productions. There was no admission charge for these events. Other activities included the traditional turkey games, the Big 10 War, chess, arm wrestling, a tricycle race, the chess race, and the tug-a-lug contest. A scheduled was the chess pre-competition, a prize giving specialty, a song fest, and a love hour of the Strife Brawl in Detroit. Dave D. Busch, a 144 alumni, was honored during the fall term of an exhibit on local thrill game between the Detroit Pistons and the New York Knicks held at the University of Michigan. Tom King

The chapter took eight men in formal rush and is looking forward to a profitable open rush.

U. So. Mississippi

This year marked a new era in the history of Mississippi Gamma Chapter. We revitalized our alumni relations by reforming our Alumni Board. We did away with the office of Sweetheart and instituted a Little Sister program.

Our alumni relations became revitalized when, after the annual costume ball, a new alumni board was founded. This board has been of great help, even in its early stages of action. Its advice has been of great help in setting policies for the upcoming years.

Another change this year was the institution of an Associate Member program, the first program of this type we have had at USM. We feel that brothers and associate members will find favor in this program more than the old pledge program.

We have 23 active and six associate members.

Michael Lorenz

Michael A. Lorenz, Illinois Inst. Tech 1963, has been appointed superintendent of baby products at the Johnson and Johnson baby products facility in Will County, Illinois. He has served as an executive in the company's midwestern Surgical Dressings plant in Chicago, and recently as superintendent of the plant's cotton mill.

Pete Ruggiero, Rutgers, 1970, is a Personnelman 2nd Class in the Naval Reserve TAR program. Part of his duties involve making naval recruiting presentations to fraternities in the New Jersey area.

Pate Saunier, Jr., Va. Alpha, 1940, has been named to the new position of administrator of equal opportunity programs at the University of Virginia. Saunier, former administrative assistant to Third District (Va.) Rep. J. Vaughan (Gary of Richmond), has been director of university community relations.

John H. Surovek, Ball State, 1968, is now director of the Museum of Arts and Sciences in Daytona Beach, Fla. For the past two years he has been with the Volusia County school system and taught humanities at DeLand High School (Florida). He is an artist and his wife Lynn, is a speech and hearing specialist.

Thomas "Jeff" Wieman, Arizona Beta, is studying medicine at the U. of Louisville, and has been elected ASB president for 1972-73. An honor student he will specialize in neuro-orthopedic surgery.

Robert A. Wilkinson, U. Rhode Island, 1965, is now Advanced Technology Engineer at the Submarine Signal Division of Raytheon in Portsmouth, and formerly of General Dynamics, Groton, Conn.

Brad Hindall, Ohio Northern 1967, has taken a position as a Real Estate Loan Officer with First Federal Savings and Loan Association, Sarasota, Fla. He was previously assistant manager of the Sesta Key Palmer Bank, a member bank of the Palmer Bank Corp. in Sarasota.

Preston H. Hadley, III, Penn. Kappa 1968, has been named to the public relations department of the U.S. Lawn Tennis Association.

Preston Hadley

Alumni In the News

Edwin H. Bideau, III, Washburn University, '72, has been accepted to the Washburn University Law School. He is also active in the Kansas Delta Alumni Association as is presently serving as the Secretary.

Lawrence H. Ganong, Washburn University, '72, has been accepted to the Graduate School at Kansas State University with aid of scholarship to study in the area of family and child development.

James G. Jones, Washburn University, '69, is employed by Human Resources and Development Corporation that deals in statistics.

Pat Hubbell, Washburn University, '67, is employed by the Kansas Beer Distributors as a lobbyist in the Kansas state legislature. He is the current President of the Kansas Delta Alumni Association.

Harry A. Feltman, USC 1957, has been appointed corporate sales and marketing coordinator for Liberty House Inc., a manufacturer of mobile homes. He was previously general manager of the Kansas manufacturing plant for that company.

Harry Feltman

Ron Mantel, Ohio Northern, 1965 Escanaba, Mich. who just a year ago started Wholesale Tire Co. is happy to report that his company is the largest tire dealer and distributor in the upper peninsula of Mich.

Tom Montgomery, U. New Mexico has been promoted to territorial manager for northern California and the Reno area of Nevada for the Monroe Auto Equipment Co. Before joining Monroe in 1966, Montgomery was employed in the automotive parts distribution industry by the George S. Thompson Corp. Los Angeles.

L. W. Newcomer, Kansas Beta has retired as general manager and chief engineer of the Kansas Turnpike where he had been employed for 17 years.

In 1966 Newcomer headed the world wide International Bridge Tunnel and Turnpike Association and in 1971 was named a special consultant to an international engineering firm in Taiwan for organizing and planning construction of a new turnpike on the National Chinese island.

Harry S. Rudy

Harry S. Rudy, Ohio Epsilon, 1930, has retired as senior vice president and officer-in-charge of computer services at Detroit Bank & Trust after 30 years with the bank.

Rudy's banking career, which began at the former Bank of Michigan in 1930, spans more than 42 years.

James M. Audin, Iowa Alpha, 1968 has been elected assistant secretary of Union Dime Savings Bank, New York.

Joe Banks, Ohio Northern, 1967, will accompany four Ada eleven-year olds to the Children's International Summer Village in the Netherlands this summer. He holds a masters degree from Case Western Reserve and is currently studying law at O.N.U.

Norman G. Beatty, Nebraska Alpha, 1963 has been named assistant director of public relations for The Colonial Williamsburg Foundation, an organization he joined in 1966 as a staff writer and radio-television assistant in the Press Bureau.

William A. Bradford, Morehead State, 1972, is alumni board secretary and director of admissions at Morehead State University.

J. Bernard Bradshaw, Penn. Delta, 1924 has retired as senior attorney with the U.S. Board of Immigration Appeals. He is a member of the bar of the Supreme Court of the U.S. and the district and circuit court of appeals for the District of Columbia.

J. Steven Brown, Davidson College 1968, has been awarded his Ph.D. in Computer Science from Cornell University.

Ted Burt, Ohio Northern 1966, an assistant professor and head of the theatre department at the Univ. of Pittsburgh at Titusville, is partner in a newly formed business venture, a small publishing house opened in 1970 called Basilisk Press. They publish nothing but poets and in two years have published four books and are about to bring out the fifth. Their merchandise is carried in stores from Williamsburg, Va., to Rome, Italy.

Dennis John Carelli, Penn. State has joined Eastman Kodak Co. as a trainee in the computer services department of the administrative services division at Kodak Office.

Robert P. Chappis, University of Kentucky 1961, has been named chief of the management systems branch for the

Bureau of Reclamation at Washington, D.C.

Chappis has been with the Bureau since 1961 and in his new post will be responsible for the management operations of the entire agency, which is the principal water resources agency of the Department of the Interior and employs 10,000 persons.

Millon L. Drewery, Jr., Virginia Zeta, 1949, has been elected chairman of the board of directors and chief executive officer of Clarendon Trust Co. in Arlington, Va., and will also continue as the bank's president.

Dr. Michael E. Failor, Ohio Northern, 1966, has been awarded a five-year contract for emergency room care in Mary Rutan Hospital in Bellefontaine, D. He has formed a corporation which will employ about 10 physicians, has also organized a cardiopulmonary resuscitation team which will be closely integrated with the emergency room.

Terry King, Evansville, 1967, is project engineer of the bomb rack support group at Naval Avionics in Indianapolis, Ind. He is also attending Purdue U. part-time working on a master's degree in industrial engineering.

Leonard L. Lance, Ohio Northern, 1970, has been assigned as a pharmacist in the newly-created centralized intravenous additive service at the Naval Hospital, Portsmouth, Va. He is one of two registered pharmacists who will eventually supply all such additives used by the Portsmouth facility, the Navy's second largest hospital.

Robert Rex Reynolds, Virginia Zeta, 1964, is an adult parole and probation officer in Montgomery County, working for the State of Maryland.

Jim Romey, Ohio Northern 1951 head basketball coach at Lima, D. Sr. High School was named Greater Ohio League's coach-of-the-year after plotting a small young team to an 11-8 record.

James C. Miller, Washburn University, '70, is employed by Washburn University as director of the Alumni Relations office. He is also the new Chapter Counselor for Kansas Delta.

Roger H. VanHoozer, Washburn University, '72, is employed by Sigma Phi Epsilon National as a staff representative.

Ted Giles, Iowa State, 1952, has been made corporate manager, environmental systems, for Lennov Industries, Inc. at Palo Alto, Calif.

Giles will be directly involved in specialized markets such as the educational field, government projects and systems developments, assist in the guidance and development and launching of product and related technical data and coordinate national accounts at corporate headquarters.

Ted Giles

(Continued From Page 4)

Kansas Zeta added 19 pledges this fall, boosting the total to 41 active members.

A total of 53 beds in the house, Five Golden Hearts were activated while nine more Golden Hearts were pledged for the fall semester. In the summer the house was remodelled with new carpeting for hallways, extensive repainting (minor repairs to the bathrooms and taping up of the first floor rooms. For the tenth consecutive year Kansas Zeta sponsored the All School Fall Musical Zeta signed Rob Oebel as the president and Mike Wald as the acting vice-president.

Kentucky

We have just completed the most successful rush in the history of our chapter. Our 26 pledges was the most of any group on campus and things couldn't possibly look better.

—Bob Manuel

Western Kentucky

The Brothers of Kentucky Delta chapter of Sigma Phi Epsilon started our fall semester off with a concentrated rush program. To date we have had two outdoor parties and an informal rush party at the residence of one of the brothers. On September 6 we held an impressive Smoker at which we were honored to have several of our alumni speak as well as our District Governor Dick Panham and our own faculty advisor Tom Dameron.

September 10 our chapter took a number of rushers to the lake where Brother Charles McDonough, our chapter's financial advisor and an honorary member of Sigma Phi Epsilon, treated us to a picnic and boat ride.

At present we have two men pledging. Carl Staltgans and Jim Norris. We expect to pick up approximately eight more in the next two weeks. At the end of this time we will officially begin our pledge class for Fall '72.

For our civic project this month we participated in a collection for the Muscular Dystrophy Telethon in which we collected \$400. We made news on Nashville television and local radio stations challenged other Greek organizations to match our total donation for this worthy cause.

In approximately two weeks we plan to send six men through the National Initiation Ceremonies. These men are Mike Brandenburg, Clint Bryzandine, Greg Dawsey, John Hanley, Jim Parrington and Steve Watts. With the initiation of these men we will have a total of fifteen brothers.

We had a much appreciated visit from our new National Representative Richard Murphy. Through a little hard work and some cooperation, brother Murphy is helping to put us back on our feet.

We are inviting the brothers of the Austin Peay colony up again this semester in order to help them out in any way we can.

—Tom Barlow & Mike Brandenburg

Western Kentucky

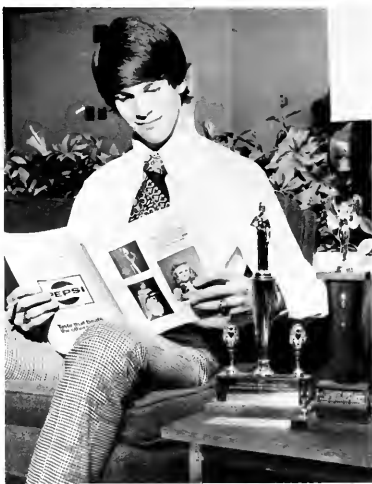

On Sept. 3 the Brothers of Kentucky Delta, Sigma Phi Epsilon and Western Kentucky University, Bowling Green, Kentucky, collected for the Jerry Lewis Muscular Dystrophy Drive. We operated a road block in Bowling Green for three hours collecting a total of \$377.95 in public donations. The chapter is donating the remainder to make a total donation of \$400.00. This was called in and was announced several times throughout the drive over a Nashville T.V. station.

Murray State

Kentucky Epsilon fraternity's fraternal today has a new advisor, Dr. Ken Dean, a graduate of the University of Arkansas and an alumnus of Arkansas State University. Dr. Dean received his masters from Arkansas State University and his doctorate in secondary education from Northeast Louisiana University in 1971. He is assistant professor of education here at Murray State University.

Two brothers, Mike Schmidt and Ed Rothberg, have attained positions on the Murray State cheerleading squad. This is in keeping with the Sig Epi tradition of 33 in here at Murray State University. Eps at Murray have won the spirit every year of the award's exist.

—Lloyd W. Ford

Another year, another pageant, and another award for Kentucky Zeta

SW Missouri State

Missouri Eta Sig Eps have started the year with a strong pledge class of 34 men, raising the manpower to 98.

Having taken all school intramurals last year, the Sig Eps promise to be at the top again this year. Already this semester, Bob Lenzon has taken first place in the intramural cross country meet. There are five Sig Eps starting for the SMSU Bears football team.

The 18 Sisters of the Golden Heart are doing a great job this year and each girl has been assigned two pledges whom they call Little Brothers. The aim is to help the Sisters and the Pledges become more active in all aspects of the Fraternity.

—David R. Moore

Rolla

At the University of Missouri at Rolla the Missouri Gamma Chapter celebrated its 25th anniversary October 21 during the UMR Homecoming. Many of the chapter's alumni attended.

Sig Eps has the second largest pledge class on campus with 32 men. We expect to do well in intramurals this fall as we carry over our momentum from our strong finish last spring.

Nebraska

Nebraska Alpha began the 1972-73 school year riding the crest of a successful summer and formal rush program. The addition of 21 new pledges brings the manpower total to 78, with 67 living in the house.

The formation of a Golden Hearts chapter has greatly bolstered chapter morale. Last semester five brothers had perfect 4.0 grade averages. Two members, Chuck Shuster and Dave Perry, were two of the four outstanding sophomores honored on campus by the Inno-cent Society, campus men's honorary.

The crowning of Mary Metcalf Gamma Phi Beta as Sig Eps Mrs. Rush Week and the revision of the Chapter by-law mark the beginning of a fruitful year for the brothers of Nebraska Alpha.

Dmaha

Sig Eps are looking forward to a strong and improved year. The chapter will consist of 25 active and, hopefully, 15 pledges.

Officers for the year include—Scott Houston, President, Jim Coggins Vice Pres., John Pearson, Recording Sec., Keith Snyder, Corresponding Sec., and Steve Smithberg, Treas. New elections will be held in December.

Graduating Brothers from last Spring were Bob Hurst, Jim Tyler, Tom Crews and Mike Hutchall. All the brothers were very active during the summer and are introducing a new pledge program this fall—which we believe will strengthen the brotherhood in Nebraska Beta.

—Keith Snyder

Stevens

At commencement last June 40% of New Jersey Alpha graduated. To replace the vigor, talent and enthusiasm which these men poured into the chapter will be no easy task for the remaining brothers. Their efforts were mainly responsible for bringing the house the campus scholarship crown for the fall semester. Steve Kay, Bob Nevins, Gary Pelat and Greg Petras graduated with high honors and along with Bob Markisello, Joe Mercer and Bill O'Connor were in Tau Beta Phi.

In campus activities this class was an integral part. Bob Markisello and Steve Kay were in *Who's Who* State. The house kicked playing in every sport this past season which culminated as Sig Eps became number two in IFC sports. He was also Student Council Social Chair, Student Council President and the fourth year class president and the fourth year Student Council President. Bob commended his year by being a resident assistant to the freshmen, as was Greg Petras. Don Seminary was Student Council Bar and Movie Chairman and Bob Nevins was copy editor for the school newspaper. Although he earned his nickname before he became AFOTC Cadet Group Commander, Bill "Colonel"

D'Conor was one of seven new Sig Eps second lieutenants. The others were: Bill Brooks, Tim Kelly, Bob Markisello, Joe Mercer, Greg Petras and Greg Siegel.

Last April Sweetheart Weekend was a success, as both undergraduate and alumni attendance was high. The following weekend, IFC Spring Sports saw quite a few Sig Eps. Newly initiated were Al Cizek '75, Tom Phillips '75, Mark Evans '75, Ray Nietsche '75 and Alan Seidman '74.

Ron Drewnowski '73 is the new Student Council Social Chairman and Alan Seidman '74 is president of the Jewish Fellowship.

—Sam Robinson

New Mexico

National Staff Rep. Roger VanHoozer arrived at New Mexico Alpha at the end of August, and during his short stay, he assisted the chapter in regrouping after a disorganized summer, and was instrumental in the planning and execution of our most successful fall rush in three years.

An all-day retreat at the end of formal rush led by Roger left us all with renewed spirit and goals. We heartily thank Roger, and commend National for their apparent attempt to upgrade the quality of the traveling staff program.

This past summer, we also received a National Housing Fund loan which was used to repair the main public areas of the house, and portion off approximately 1 1/3 of the formerly awkward and inadequately furnished living room to form a new chapter meeting study library type facility which was carpeted and refurbished to complete the project.

—John Dalby

Duke

John Daniel Kennedy, Jr., son of Mr. and Mrs. J. D. Kennedy, Sr., Richmond, Virginia, was one of only nine juniors initiated into Phi Beta Kappa at Duke this year. His average is 3.85 out of a possible 4.00. He is a pre-med AB Chemistry major. Jack was also initiated into Phi Lambda Upsilon, a national honorary Chemistry society. His home address is 10400 Duryea Drive, Richmond.

Wake Forest

NC Zeta was now completely into the 1972-1973 school year. With a brotherhood of 51, we are looking forward to a strong fall rush and a hopefully large pledge class. Two brothers returned to school this year after several years' absence. Doug Allen returned after a tour of duty with the U.S. Marine Corps and Craig Merrill returned from two years of missionary work with the Mormon Church in France. This year's officers are: Don Williams, pres., Rob Kornegay, v. p., Bob Garner, treas., Tom Little, correspondence sec., and Ken Kyle, recording sec. We have worked with the alumni board in planning a house renovation and so far we have built a patio in front of the house, purchased a new TV and started repairs on other rooms in the house. We are looking forward to another good year in sports this year. The football team has shaped up and will try to start with a winning season in hopes of winning the All-Campus Athletic Trophy as we did last year.

Toledo

The Ohio Delta softball team journeyed to Kent State University last spring to participate in the All-Ohio Sig Epi tournament. The Toledo chapter came away with top honors defeating all other participants.

We sponsored a Greek week "blow-out" at a local bar to improve Greek relations on campus. This venture was

so successful that we planned a similar deal for fall with two bars participating this time instead of just one. This is also an excellent fund raising project.

Four Ohio Iota brothers participated in the University YMCA "big brother" program assisting the Central Toledo Y with ghetto youngsters. Also in conjunction with the University Y, 10 Sig Eps out of a total of 15 young men were counselors at the annual fall Freshman Camp at Stony Lake, Michigan.

Two brothers and one pledge were elected to the Student Senate last spring. —Jim Jasinski

Youngstown State U.

Recently elected student body president, Brother Tom Montgomery, and new IFC vice-president, Brother Paul Cicio, helped organize the freshman orientation program. Sig Eps set up information booths at registration to help freshmen organize schedules, find their way on campus, and talk about rush. Ohio Mu, under rush chairman Tim Carney, went out its own rush pamphlet to freshmen and has organized summer rush parties.

Youngstown State U.

IFC sponsored a 3-day Greek Forum. National representatives from all fraternities on campus and guest speakers were invited. Rush, finance, and campus and community relations were discussed. Ohio Mu, under the guidance of Sig Eps president Paul Cicio, who was Forum co-chairman, helped organize the Forum.

Cleveland State

During the Summer the Sig Eps at Cleveland State University have kept themselves busy by doing extensive house remodeling.

Through the cooperation of all the brothers and also certain Cleveland businesses, Ohio Nu has a patio addition at the back of the house with a 10' bar and plans for a 15' Barbecue.

Extensive remodeling is being done on the third floor living quarters. Abstract murals are being painted by the Art students of the Chapter to replace the old paneling. New carpeting is also being laid.

The library has been extended and an archives section has been brought into a larger scope. The project headed by Dave Antonine has been a great success and will be used for the upcoming Fall Rush.

Ohio Nu hasn't just worked all summer. A new pool table and tap system has been added to the game room. Also, the Sig Eps beat Beta Sigma Chi Omega Sorority in our Annual Touch Football game.

Oregon

Oregon Beta is anxiously preparing to defend its title as the IFC Champions of the University of Oregon. The Sig Eps took the crown last year as it compiled 1,178 points, outdistancing all other participants on campus. In the process the SPI nabbed individual championships in Football, Wrestling, Weightlifting, and Swimming while consistently finishing high in all other events as well.

The chapter is also looking forward to a continuation of its program of house improvements. Initiated last year, this program has produced such additions to the house as a sunbath, bath, a billiard room, remodeling of the party room and fresh coats of paint to the halls. Under the direction of President Rich Walton the Oregon Sig Eps, with its continued strong manpower, are preparing for a year which shows strong signs of being even more successful and profitable than those of the past.

Indiana Sig Eps chat with University president Ryan at recent scholarship dinner

University South Carolina

South Carolina Alpha pledged 13 new members this fall.

The Sig Eps are expected to be strong contenders for the All Sports Trophy again this year. Sigma Phi Epsilon awarded the AIO HELP IROPHY which is awarded to that fraternity demonstrating the greatest amount of service to their school and community.

Ansel Gantt, Chapter Counselor, was recently married to Jenny Dominick. The brothers formed a heart and serenaded her with the Sweetheart Song.

Clemson

On the 20th of August, Sig Eps invaded the Clemson campus five days before classes started to embark upon the second annual Tiger Paw Project. Huge tiger paws, the symbol of Clemson athletic teams, were painted by the brothers of SC Beta on the highways leading into Clemson. Over 100 of these orange paws were also painted all over the campus and in the surrounding countryside near Clemson.

Sigma Phi Epsilon kicked off the spring Greek Games by winning the annual clean up campaign sponsored by the IFC and the Clemson Chapter of Commerce. Our volleyball team finished third in the IFC competition last spring. With six out of 10 starters returning from our volleyball team of last year which finished 2nd in the IFC playoffs, Sig Eps are definitely the team to beat this year.

Open rush got off to an enthusiastic start with a cook-out and hike have party and a good turnout of freshmen.

Melton Martin

Texas

The Texas Alpha chapter held a very successful rush program this fall. Thirty-three men became Sig Eps pledges as a result of this year's rush.

A Gals committee was set up last spring to formulate goals for our chapter this fall. One area the Gals committee is concentrating on is community relations. In an effort to improve relations with the Austin community the Sig I P

chapter became the first UT fraternity to join the Austin Chamber of Commerce.

Also an Alumni News Letter will be published periodically in order to keep alumni informed as to what our chapter is doing.

Texas Alpha is also making an extensive revision of our by-laws. We are attempting to keep our by-laws up to date and in keeping with the changing role of the fraternity. —Randy Nelson

Texas Christian U.

No longer will house mothers reside at the 209E house, misadvised house manager Ed de Rojas will have the task vacated by Mrs. Dorsett Graham. The Little Sisters of the Golden Heart renovated the chapter room over summer vacation. Our thanks to Cynthia Hauser, Carol Baer, Amy Brown and the rest.

In the 209E tradition of football at TCU, Kenneth Steel was placed on the Pre-Season All SW C squad at defensive tackle and as a Pre-Season All American Steel follows the glorious footsteps of Brother Bob Lilly of the Dallas Cowboys. Gary Whitten has been picked All-SWC honorable mention at linebacker.

Last year's best defensive center in the Southwest Conference, Evans Royal, will be the head coach of the freshman team at TCU.

David Hardin placed 3rd in the SW C 880 yard dash. Hardin, running with a sore leg, ran a 1:52.1 for honors.

Texas Tech U.

On September 9, 21 new members were initiated bringing the total membership of Texas Iota to 78. Sigma Phi Epsilon's annual Sig Brother Olympics and Central Bowl took place on the following Sunday.

After the new associate member class is chosen the director, Mike Everett, intends to take that group on a special retreat to the mountains of Ruidoso, New Mexico. This trip is an annual event for the associate classes and has always proved to be a valuable cementing factor.

Many Sig Eps are involved in campus projects of different types. A few who have distinguished themselves include Joe Cotten, who is Business Manager of the Student Senate, and Karl Kukenacker who is a senator for the school of Arts and Sciences. In sports we have Randy Lanester on the Red Raider team and Bill Jacks in varsity soccer. Bill also holds the intramural wrestling title for his division. It is a great source of pride to Texas Iota to have Myron Messner in the position of National Representative in Richmond, Va.

"Little Sister" Pat Bland was runner up for the University contest for Miss Playmate of 1972. Texas Iota again held the highest scholastic average of any Greek organization on campus. Scholastic chairman Frank Nix is proud of this accomplishment.

New officers for this semester include: Bruce Stephens, president, John Reehmuth, vice-pres; Kirk Kimball, corr. sec.; Dan Allred, recorder, and Mazel Merrill, chaplain.

Arlington

Since October of 1971, the Sig Eps have been barn-storming the UTA campus.

As a colony, we brought new life to the dying school spirit through intense competition. We have won the spirit award many times.

Surprise is not quite the word to express the reaction of the other fraternities on campus when we won a regulation pool table in a contest sponsored by Alpha Phi Omega.

On April 29, 1972, just six months after being founded, we were installed as Texas Kappa Chapter. The chapters at Texas Alpha, Beta, and Iota supplied the installation teams for our initiation. Ceremonies were held at the Royal Coach Inn of Dallas. A reception was held, followed by dinner and the formal presentation of our charter and flag. In celebration, a dance then began with a live band and open bar.

This past summer, we acquired a house which has become the envy of the other fraternities because of its spaciousness and decor.

Fall rush was very successful, with many functions being held in the house. Rushweek was most impressed with our record since founding.

St. Mary's

To start the new Academic year with a bang, an Alumni Reunion party was held the weekend of September first to the third. The members of the Texas Theta Chapter were pleased at the attendance of the 25 Alumni couples. To get the "old men" primed for the dance held at Strang's Party House, a barbeque was held at Jack Mooney's ranch. The following day after church services, a champagne breakfast was held at Anthony's. Immediately following a brunch a brutal football contest was played and the "old men" were floored for the last time, as the actives bridged the generation gap with a 7-0 win.

The first game of the 1972 Intramural Football season was held within the shadow of the V J Keefe Field at St. Mary's. Texas Theta beat Sigma Beta Chi 14-0. I was but not least, Brother Bill Wysocki won the Individual High Point Award for intramural sports for the 1971-1972 school year.

—Argorey Paganelli

Valparaiso University

We are excited about the upcoming school year. We hope to make it just as successful as last year which ended with us winning the Sunbelt and concluding the 1972-73 All-Sports Trophy. Kevin Kleidon was elected the IFC secretary-treasurer. —Donald Pell

Washington State

Sig Epsilon manpower grew to 76 men with the addition of 23 pledges this fall. Newly elected officers will concentrate on house reorganization throughout the year. With money from the Chapter Investment Fund, a new roof was put on the house, and other improvements included new paneling, carpet, and furniture.

—Ken Christianson

Washington

The brothers have returned in force and have started what is expected to be the most prosperous year in Washington Beta history. With experienced personnel back, our informal rush and Golden Hearts program is expected to outdo all others on campus.

Gordon Brindley, our outstanding rush chairman, has successfully introduced new members into the halls of Sigma Phi Epsilon and our executive board has given the house extended guidance in the areas which we needed most. With new paint jobs in the halls and stairways, the chapter house has an improved look which impresses the prospective new pledges. We look forward to the year ahead with Sigma Phi Epsilon as number one on campus!

Washington

As Washington Beta begins its 51st year, the prospects for a stronger chapter are encouraging. With the reunions made in our rush, pledge, and Golden Hearts programs, we are looking forward to a prosperous and rewarding year. Rush is off to a good start and with the help of our rush chairman, Gordon Brindley, and the other brothers, we are expecting a large pledge class for the coming year.

With the new ideas brought back from the regional academy, our policies have been modified in such a way as to create a better, more balanced house. We are hoping that we will see the results of these changes during rush.

The brothers are looking forward to the coming year and we are optimistic that our newly founded policies will attract more men to the halls of Sigma Phi Epsilon. We are going to be number one on campus! This is our year!

Marshall

Last Spring the brothers of W. Va. Gamma supported one of our Sisters for the title of Miss Huntington (location of Marshall). At that time, we put up entry fees which enabled Miss Lynette Koper, a Weirton senior, to participate in this preliminary to the Miss America pageant. Lynette was crowned Miss Huntington and competed for Miss West Virginia, which she also won! Lynette and Sig I. President Bill Anderson are engaged and plan a summer wedding.

Marshall Sig Eps have been working hard on rush to maintain a first-rate chapter. During the second week of formal rush, the brothers held their annual Derby Day in which the sororities compete to capture the most Sig Epsilon. The winner receives a trophy and a T-shirt with the SPEs. As well as greatly improving sorority relations, derby day proves a valuable rush asset as freshmen are impressed with and anxious to join in the activities.

Overall, another successful year is rich in store for W. Va. Gamma as the brothers are "psyched" to prove once again the fraternalites are NOT dead and that Sigma Phi Epsilon is number one.

Morris Harvey

As of Sept. 1st our manpower is 25 brothers, a figure expected to increase after the Fall rush.

Sig Ed Ed Byrne being cheered on in bat race at Illinois Beta where chapter swept Greek Week honors.

Recently the Brothers have been busy with various projects. They collected \$300 for the Heart Fund of Charleston, collected and provided transportation of much needed clothing for the people who suffered from the Buffalo Creek dam disaster in Logan County, served a spaghetti dinner in an effort of raising money for Sister Magdalene, a Peace Corps Volunteer, who plans to establish a service center at Korle Bu Hospital in Accra, Africa. Right now the Chapter is in the state of reorganization. We at West Virginia Zeta are trying to make the fraternal system appeal to the demands of today's college man and today's world. Times are a changing and so are the Sig Eps.

—Michael A. Mallon

Wisconsin

At the end of this last semester, Madison Sig Eps started plans for the new brotherhood. Because of almost a complete turnover in local membership since the previous year, the chapter decided to start fresh. We rented a stone house on a few wooded acres last year and have spent much time in building it into a fraternity house. With eight men in the main house and three in one of the outbuildings, living space is filled.

It was decided that we would continue to sponsor recent name films for the campus and negotiations are under way for a name rock group to perform in concert in the college's new 7,000-seat field house. Another project, which is the freshman register, is a book containing the pictures of freshmen with their names and was designed to acquaint the freshmen with each other and the campus with the freshmen. This Sig Eps-sponsored project has been completed and advanced copies have been sold.

Wisconsin State

Wisconsin Epsilon still has a huge portion of the brothers last spring through graduation and transfers, giving us a closer brotherhood with more of a one-to-one relationship with the new prospective pledges. We reduced our smoker from an all-campus bash to a more personal type "Hoe down." The guys tell their identity and really enjoyed it. The Phi Mu and Alpha Mu sororities gave us a hand with the festivities.

Our Smoker and two open parties were held at our new house this semester so far. The House is only one-half block off campus at 623 W. Lincoln. Our relationship with on-campus students has greatly improved since.

We have reorganized our Alumni committee, with better results. The Alumni have been visiting us more often and

special thanks go out for the contributions we received from them.

The Money Making Committee has been hard at work with small businesses and the community in developing new concepts in fund raising. Alan Fischer sent out letters to several business groups that will pay us for doing advertising for them. The finances are beginning to improve.

Brothers in Armed Forces

(Continued From Page 3)

2nd Lt. Randy H. Nichols, Univ. Texas, Austin, has been awarded his silver wings at Williams AFB, Ariz., upon graduation from U.S. Air Force pilot training.

Lieutenant Nichols is being assigned to Norton AFB, Calif., where he will fly the C-141 aircraft with a unit of the Military Airlift Command. MAI provides global airlift for U.S. military forces.

2nd Lt. James R. Reichenbach, Ohio State, has been awarded his silver wings at Laredo AFB, Tex., upon graduation with honors from U.S. Air Force pilot training.

The lieutenant received a Distinguished Graduate Letter and is being assigned to Homestead AFB, Fla.

Air National Guard 2nd Lt. Kenneth R. Sepko, West Va. Institute, has been awarded his silver wings at Columbus AFB, Miss., upon graduation from U.S. Air Force pilot training.

Lieutenant Sepko is returning to his West Virginia ANG unit in Charleston.

Lieutenant Hoffman is assigned to Scott AFB, Ill., as a pilot with the 375th Aeronautical Airlift Wing, which earned the award for exceptionally meritorious service from August 1969 through June 1971. Wing members were cited for outstanding professionalism in operating and maintaining the domestic aeromedical airlift system at established high standards.

Air Force 1st Lt. Donald G. Hukle, Univ. of Kentucky, is on duty at Udorn Royal Thai AFB, Thailand.

Lieutenant Hukle, a wing intelligence officer, is assigned to a unit of the Pacific Air Forces. He previously served at Eglin AFB, Fla.

Capt. David I. Johnston, Univ. of Arizona, has received the U.S. Air Force Commendation Medal for meritorious service at Charleston AFB, S.C.

Captain Johnston, a C-141 pilot, serves

with a unit of the Military Airlift Command which provides global airlift for U.S. military forces. He has completed a year in Vietnam.

2nd Lt. Kurt N. Kinney, West Virginia, is a member of a Strategic Air Command (SAC) wing which has earned the U.S. Air Force Outstanding Unit Award.

Lieutenant Kinney is a missile combat crew member with the 351st Strategic Missile Wing at Whiteman AFB, Mo. The wing received the award for exceptionally meritorious service from July 1969 through June 1971.

Air Force Capt. Thomas R. Hughes, University of Wisconsin, Madison, has been graduated from the Air University's Squadron Officer School at Maxwell AFB, Ala.

Captain Hughes was specially selected for the 14-week professional officer course which prepares junior officers to assume higher command and staff duties required by the Air Force.

Air Force Capt. Richard A. Krebs, Indiana Inst. Technology, has been selected to enter Florida State Technological University to study for a master's degree in engineering management.

Captain Krebs will attend the university under the Air Force Institute of Technology program which provides resident education in scientific, engineering and other fields for selected officers of the U.S. Armed Forces and key government employees.

Air Force Captain Albert M. Ferris, North Texas State, has been graduated from the Air University's Squadron Officer School at Maxwell AFB, Ala.

Captain Ferris was specially selected for the 14-week professional officer course which prepares junior officers to assume higher command and staff duties required by the Air Force.

Capt. Larry E. Fletcher has arrived for duty at Carswell AFB, Tex.

Captain Fletcher, Southwest Missouri State, a transport pilot, serves with the 2145th Communications.

Tennessee Tech U.

As the brothers of Tennessee Epsilon return through the Red Door of Sigma Phi Epsilon they bring with them the experiences of their travels of the past summer. The brothers of Tennessee Epsilon have traveled as far south as Florida; as far north as Illinois; as far east as Maryland; as far west as Hawaii.

If, at the beginning of this year, we may use the experiences of this past summer's travels toward the fulfillment of the ideals of Sigma Phi Epsilon, then this summer has not been wasted. To be able to advance as a fraternity in today's society we must re-evaluate the past experiences and integrate them into the working machine of tomorrow's Sigma Phi Epsilon fraternity. We become stagnant as a fraternity when we simply follow the format of previous years and fail to integrate new experiences into Sigma Phi Epsilon.

Another facet of taking ideas from our experiences and making them work for Sig Ep is to remember this is a dynamic process. First, we must integrate new ideas into the fraternity, but it must not be a one way street. Secondly, the fraternity must be a dynamic enough process to integrate its new ideas back into the society from which they came. A new idea which may aid Sigma Phi Epsilon fraternity may more importantly aid the society in which Sigma Phi Epsilon must exist. Sigma Phi Epsilon fraternity must be a dynamic process integrated and interacting with the society in which it lives. It must nourish and take its nourishment from the world around it. To exist at any level less than this is a breakdown of any fraternity system.

By Jim Carlson
Washburn University

This fall semester opened with two things of special interest. First of all, our housemother, Rene Dunbar or Mother "D", is starting her 15th year as housemother of our chapter. The other is Bill Mock, a new associate member whose homeland is Holland.

Before 1957 Mrs. Dunbar was the wife of Stuart Dunbar, a respected sports editor employed by the Topeka Capital Journal and a mother of four daughters. Before Mr. Dunbar's death Mother D. traveled and attended sporting events with her husband. While visiting in New York, she was contacted by our chapter to consider being our housemother. When she accepted, she had no idea that she would be our "mom" for this many years.

Her duties are numerous. She is the official hostess of the chapter and is responsible for ordering our food supplies. Mother "D" chaperones and contacts other housemothers to attend our parties. Best of all, she is a solid fourth in any card game the brothers may play after a day of classes. She says she hasn't regretted her decision to become the mother of some 300 men through the years and we haven't had any regrets either.

Bill Mock is a very special case in our chapter. Each year one of the Washburn University fraternities houses a foreign student for two semesters. This year it was our turn and Bill moved into a new environment.

For two weeks Bill observed the fraternities and brotherhood revolving around him. He wanted to become part of that intimate feeling and believed that he would find his year much more satisfying by getting involved. After visiting with our President Mark Heitz he accepted a pledge pin.

Bill is becoming increasingly sincere and devoted to Sigma Phi Epsilon and is a fine associate member. He is certainly destined to be initiated and returned to his home as a lifetime member of Sigma Phi Epsilon.

Peterson Elected

The recently reorganized Spokane Alumni Association has elected Dave Peterson, president. The association is working together with Washington Alpha Chapter, planning activities to commemorate the Chapter's sixtieth anniversary.

Duquesne Installation Proud Event

(Continued From Page 1)

The fall semester closes with the annual Winter Weekend. The weekend occurs at a local ski resort and consists of three days of sking, partying and honoring seniors who graduate in December.

Sports has played an important part in the fraternity's life with various awards and championships won in football, basketball, volleyball, softball, golf and bowling. Throughout her history, Sigma Phi Epsilon has performed well against other fraternities in sporting competition.

Within the last five years, the brothers have won three fraternity championships in both football and basketball. The fraternity has also consistently placed many brothers on all star teams in both fall and spring sports.

Denny Black, chapter president, reviewed this history at the installation. Linquet, hostmaster for the affair was Joe Garbner, a graduating senior.

Carl Larr was the guest speaker while Brooks Reed presented the flag and charter to President Black.

The affair included senior speeches, announcement of the new sweatshirt, singing of the sweetheart song and an after party.

Honored guests included Don Tanner, editor of the Sigma Phi Epsilon Journal, Norm Sabhan, national representative, Paul Rink, dean of student affairs, Lt. Henry McNulty, University police, and Peter Paladino, chapter counselor and Solicitor. Aluc H.C. president.

Officers of the newly formed alumni board are John Milliron, president; Lee Bismont, vice president; Don Day, treasurer; and Sam Pasquelli, secretary. He also, President Black, other officers include Dick Andri, vice president; Mark Semkowsky, secretary; Pete Gannon, counselor; and Bill Sawyer, controller.

On April 25, 1972, Sigma Phi Epsilon took perhaps the biggest step in her history when it was initiated as a colony of Sigma Phi Epsilon. During the following year, they worked hard on financial and planning policies. Then on April 22, 1972, almost one year later, they were initiated as a Sigma Phi Epsilon chapter, the first Preceptor.

Throughout her history, Sigma Phi Epsilon has performed excellently and proudly. Now in Sig Ep, they are all confident that they will continue to do so.

Duquesne Installation

Congratulations, Duquesne

Executive Corner

by Donald M. Johnson

Two new "firsts" have been achieved with this issue of the *Journal*. This is the first of three tabloid *Journal* issues authorized by the National Board of Directors for this year's volume, and this is the first time approximately 25,000 members have received a copy of the *Journal* since their 10-year subscription expired.

In addition to those changes, the Board also approved the publishing of five issues of the *Journal* for 1972-73, when previously only four issues were published yearly. The Board's plan calls for publishing two issues of magazine format and three issues of tabloid format. This decision was based on three points (1) Increasing the frequency of contact with members, (2) Providing a variety of format, and (3) Economic considerations (to increase the number of pages printed in the volume without increasing the cost).

Increasing the frequency of contact with all members was a major consideration in approving the plan. The tabloid issues will be sent to all members, even though the subscriptions have expired for those members initiated after January 1, 1952 but prior to July 1, 1962. Those members received a 10-year subscription when they were initiated, since life subscriptions were not available at that time. Now, however, they can purchase a life subscription for only \$10. A check for that amount should be sent to the Business Manager of the *Journal*, P.O. Box 1901, Richmond, Virginia 23215.

... Attitude Study

views of their fraternity in terms of its goals, activities, organization and leadership, and their opinions on ways in which the fraternity might change to meet current values and needs.

A second phase of the contract, dependent on further funding, will concentrate on the views and opinions of high school seniors and non-fraternity undergraduates toward the fraternity system. These data, evaluated in the light of the results of the first phase of the contract, will provide a basis for reassessment and planned reorganization. Johnson pointed out

Walter G. Albrecht, California Alpha, 1925, on July 14, Munich, Germany while visiting there. A former educator and teacher.

Steve Barry, Oregon Alpha, freshman student, on June 7, 1972 while driving home from school.

Leslie S. Bean, Colorado Gamma, on June 20, 1972 at Bay Pines Veterans Hospital, St. Petersburg, Fla.

Leland B. Bonnett, New York Alpha, on June 30, 1972, St. Petersburg, Florida.

Charles Burlingame, Colorado Alpha, 1918, on July 15, 1972 at Mt. Lebanon, Pa. He was a veteran of both world wars and served on the staff of General Eisenhower in Paris after WWII as a Lt. Col. He had been an engineer for the Allegheny County Sanitary Authority.

Hubert A. Caldwell, California Alpha, 1928, on Aug. 9, 1972 at Oakland, Calif. He was a retired East Bay engineer and member of the winning United States Olympic rowing team which won a gold medal at Amsterdam in 1928.

W. J. (Nick) Carter, North Carolina Beta, 1924, on July 13, 1972 at Wrightsville Beach, N.C. He was a former chairman of the board of the J. P. Stevens Co. The stadium at North Carolina State U. is named after Carter and his brother, who were benefactors of the university.

F. Cofer Davis, D.C. Alpha, 1945, on Aug. 31, 1972 at Fairfax Hospital, Washington.

George Dawson, M.D., California Alpha, 1915, on July 7, 1972 Napa, Calif.

Clifford L. Oulbois, New York Alpha, 1907, at Martin Memorial Hospital, Stuart, Florida, July 31, 1972.

Dr. H. Fihott Foote, Brown, 1914, on July 24, 1968, at Fort Pierce, Fla. Former treasurer of the American Chemical Society and member of Tau Beta Phi, Phi Beta Kappa and Sigma Xi.

Joseph Bronson Gale, Virginia Delta, on Feb. 11, 1972, at Smithfield, Va.

Harry H. George, Washington Alpha, 1921, on May 30, 1972 at home in Portland, Ore. A former coach, attorney and member of the National Labor Relations Board.

Fritz Knorr, Kansas State, 1932, at Savannah, Mo. Sept. 9. He was wrestling coach and assistant athletic director of Kansas State University, Manhattan.

David F. Landis, Penn. Eta, 1927, at Harrisburg, Pa., on March 18, 1972.

Capt. John C. Mathison, Alabama Alpha, 1927, on April 19, 1972 at Balboa Naval Hospital, San Diego. He served 36 years with the U.S. Coast & Geodetic Survey and had assignments in all sections of the Bureau, including command of ships and construction of Survey Ships.

G. Merle Nelson, New York Alpha, 1927, on July 29, 1972, Wolcott, N.Y.

James H. Newsum, Virginia Delta, on March 24, 1972, Portsmouth, Va.

Fred L. (Tex) Ramsdell, Penn. Delta, 1911, Havertown, Penn. on Sept. 14, 1972. He was a prominent road contractor and a 1910 United Press All-American at Penn.
